# CESTARI FRIENDS

*Come be a friend of  
Cestari Sheep & Wool Co with  
Cestari Promissory Notes!*

# INTRODUCING: CESTARI FRIENDS

For many moons we have had many people who said that they would love to help Cestari Sheep & Wool Co., and all that it represents. I have been giving a lot of thought to that idea and have developed a plan that can do just that!

**With Cestari Friends, you have the choice to receive a note to:**

- \* Keep for yourself
- \* Give away as gifts
- \* Sell or Assign

Whichever you decide, your funds will be repaid on the date of maturity.

Right now, most banks are paying interest at 1 or 2 cents per \$10 for money market accounts and 1 or 2 cents per \$10 on a CD. It is actually costing money to keep it in a bank savings account considering inflation! We have a win-win proposition!

Our company, a S Corporation, incorporated in Virginia, will issue promissory notes in amounts of \$100, \$250, \$500 and \$1,000. We will pay 4.5% annual interest with one, two, and three year maturity rates. The interest will be paid quarterly or annually. On the maturity date the promissory note will be paid by our company. You may wish to renew at that time if so desired.

In 74 years of doing business, our company has never been discharged in bankruptcy, and during these difficult times, not one of our employees was laid off. Our company is totally committed to the USA grown and manufactured products that we make. We wish to expand our operations including sheep and manufacturing facilities and the funds will be principally used for such capital expenditures.
